

Whiteley's Super Concentrate System offers a complete cleaning solution for healthcare, commercial and institutional facilities.

Productivity

- Reduce labour costs
- Superior WH&S benefits
- Dilutes up to 4 chemicals in the one system

Easy to Use

- Simplifies the cleaning process
- On-site training & technical response
- Easy integration within healthcare, commercial & industrial facilities

Environmentally Conscious

- Less packaging = less waste
- Using reusable bottles and concentrated products, could save up to 500 bottles worth of plastic from being used.
- Concentrated products reduce the size of products needing to be transported, resulting in a reduced carbon footprint.
