

# MR BEAN

## COMMERCIAL GRADE DISINFECTANT AND AIR FRESHENER

**BENEFITS:**

- Long lasting residual action
- Safe on most surfaces
- General purpose cleaner
- Pleasant fragrance

Mr Bean is a commercial grade disinfectant, air freshener and multipurpose cleaner designed for use in commercial facilities.

Being pH neutral and solvent free, Mr Bean is safe for use on most surfaces and can be used in any area where soil build up is a problem, including floors, walls, bench tops, doors etc.

**DIRECTIONS FOR USE:**

**Disinfection:** Dilute 50mL/L of water, apply with mop and bucket

**Floor Cleaning:** Dilute 20mL/L of water, apply with mop and bucket

**Spray & Wipe:** Dilute 50mL/L of water, apply with trigger spray or universal cap bottle and wipe off with a clean cloth

**Deodorising:** Dilute 200mL/L of water, apply with trigger spray

To improve residual deodorisation, spray a small amount of MR BEAN onto hard surfaces. MR BEAN can also be used directly into waste disposal and storage bins to remove unwanted odours.

In washroom and toilet areas stronger deodorisation is often required to ensure fragrances persist for longer. If this is the case then a concentrated Florogen alcohol based air-freshener may be required (scents include: original, lavender, frangipani, strawberry and citrus).

**CHEMICAL PROPERTIES:**

Appearance (concentrate):.....	Clear Pink Liquid
Odour:.....	Tutti Fruitti
pH (concentrate):.....	6.00
Solubility:.....	Completely miscible with water
Abrasives:.....	Nil
Hazardous Status:.....	Irritating to skin and eyes
Flammability:.....	Nil
Dangerous Goods Rating:.....	Nil
Shelf life:.....	2 years

**HEALTH AND SAFETY STATEMENT:**

There is no way of predicting an individual's response to cleaning or disinfecting products. All cleaning and disinfecting products have potential to cause skin and other irritation in susceptible individuals. Direct physical contact with the skin should be avoided. If irritation does occur when using this product or any other cleaning/disinfecting solution then the individual should be removed from direct contact with the solution until a satisfactory safe working environment for that individual is determined.

**ENVIRONMENTAL STATEMENT:**

Whiteley manufactures products that comply with Australian and International environmental policy. Whiteley aims to ensure that every product is 100% biodegradable, whilst achieving optimal performance and benefit to customers. All Whiteley products are supplied in 100% recyclable containers. Whiteley and its staff are fully committed to ensuring that our environment and those international environs in which our products are used are enhanced by the use of technology, and that these environments are preserved for the enjoyment of future generations.
