When responding to oil and fuel spills of up to 290 litres, TSS240W spill kit is the one to choose. Because it is packed in a bright lime green labelled wheelie bin it is easy to locate and take to the site of the spill. These super absorbent oil pads are easy to deploy and retrieve. No brooms or shovels required for oil spill clean up.

**To avoid conflict with AS4123.7, all Spill Station spill kits are now supplied in lime green bodies and lids that meet the AusSpill Quality Guidelines.**

## **Product Description**

---

The ideal solution for areas where 205L drums of oils, fuels and other Class 3 liquids are used and stored.
