**Dimensions: 1460 × 1010 × 975 mm**

When responding to oil and fuel spills of up to 580 litres, TSS700W spill kit is the one to choose. Because it is packed in a lockable poly storage bin made from durable polyethylene plastic it can take rough treatment. The highly absorbent oil pads are easy to deploy and retrieve. No brooms or shovels required for oil spill clean up. All components are available when you need to restock.
