

# THERMAGLO PLUS

## SEALER FINISH

**BENEFITS:**

- Easy to use wet look finish floor polish
- Burnishable from 250 rpm to 2000 rpm
- Use on most types of flooring
- Scuff and mark resistant
- Slip resistant

THERMAGLO PLUS is a clear, non-yellowing, high gloss finish designed to enrich and enhance the natural colours of all types of floors. THERMAGLO PLUS conforms to the Australian Standard for the Slip Resistance rating D1 classification as per AS4586:2013. THERMAGLO PLUS is a simple to use sealer / sealer finish designed for use on a variety of floors from vinyl to terrazzo and timber.

THERMAGLO PLUS reduces maintenance, inventory and training costs in complex sites such as schools, universities, hospitals and healthcare by simplifying maintenance programs. In institutional and office environments apply 4 to 6 coats of THERMAGLO PLUS to vinyl, terrazzo and timber floors. In retail environments THERMAGLO PLUS may be applied as a one-step system or Impact may be applied as a base sealer to enhance shine and film clarity.

**DIRECTIONS FOR USE:**

**Stripping:** Remove existing polish and sealer using Xpoly8 or Zip Strip, ensuring to follow all label directions. Rinse area with a solution of Tempo HD at a dilution 9mL/L of water. After the stripped surface is dry and has been swept the surface is now ready to seal.

**Sealing:** Apply first coat of Thermaglo Plus using a clean polish applicator and allow 15-30 minutes drying time. Airflow and environmental conditions will influence the drying time required between coats. Apply a further 4-6 coats of Thermaglo Plus ensuring each coat is laid on a tack free surface. Allow surface to cure for 24 hours before burnishing. NOTE: Apply cautiously when floor temperatures are lower than 10°C. Apply thin coats of Thermaglo Plus and allow additional drying time between coats.

**Daily Maintenance:** Sweep floor and mop or scrub daily with Tempo HD. Use Rejuven8 2-3 times per week to improve gloss and increase durability and slip resistance. Buff/burnish floors daily.

**SAFETY DATA:** Information is listed in the Safety Data Sheet.

**PACK SIZE:** 3 x 5 Litre

**HEALTH AND SAFETY STATEMENT:**

There is no way of predicting an individual's response to cleaning or disinfecting products. All cleaning and disinfecting products have potential to cause skin and other irritation in susceptible individuals. Direct physical contact with the skin should be avoided. If irritation does occur when using this product or any other cleaning/ disinfecting solution then the individual should be removed from direct contact with the solution until a satisfactory safe working environment for that individual is determined.

**ENVIRONMENTAL STATEMENT:**

Whiteley manufactures products that comply with Australian and International environmental policy. Whiteley aims to ensure that every product is 100% biodegradable, whilst achieving optimal performance and benefit to customers. All Whiteley products are supplied in 100% recyclable containers. Whiteley and its staff are fully committed to ensuring that our environment and those international environs in which our products are used are enhanced by the use of technology, and that these environments are preserved for the enjoyment of future generations.

**ABOUT LMS:**

Our comprehensive learning platform offers a broad range of information including the latest information on Infection Prevention and Control, recommended products and cleaning processes for individual markets.
